Past President

RIWWA Meeting – September 14, 2006 **Twelve Acres of Smithfield, 445 Douglas Pike, Smithfield, RI**

9:00 – 9:30 AM Registration and Coffee

9:30 – 10:15 AM “Are You Ready To Do An Initial Distribution System Evaluation (IDSE)?”

by: *James J. Pescatore, P.E., BCEE, Camp Dresser & McKee, Inc.*

To comply with the Stage 2 Disinfection Byproducts rule, non exempt communities will need to do an IDSE to determine distribution system sampling sites that are reflective of the highest disinfection byproducts. To evaluate sites, they will be required to choose between implementing one of two approaches; a standard monitoring plan (SMP) or a system specific study (SSS). This paper will help to explain these approaches and why one or the other might suit your community, as well as the timeline for implementation.

10:15 – 10:40 AM “Uni-directional Flushing”

by: *Ken Booth, Superintendent, East Providence Water*

This discussion will include the benefits and pitfalls of uni-directional flushing program, as experienced by the East Providence Water system.

10:40-11:00 “Reporting Requirements”

by: *Juan Mariscal, Executive Director, Water Resources Board*

11:00 AM Business Meeting

Introduction of new members

RIDOH report
