

July 20, 2022

Dear Water Works Associate,

The Rhode Island Water Works Association will be holding its tenth Annual Training and Exhibition Day on Thursday, September 15, 2022 at the Twelve Acres restaurant in Smithfield, RI. This popular event provides training opportunities to water system operators and gets operational personnel more involved in RIWWA.

RIWWA needs the help and support of our water supply business community to continue to make this event a success. We ask that you consider providing either a sponsor donation of \$200.00 or renting an exhibition table for \$700.00 by Monday August 15, 2022. This year we are again offering with a purchase of a vendor table the opportunity to set up an outside demonstration in the parking lot.

Our goal is to make the cost of attending the event reasonably affordable so that water systems can send as many employees as possible. Sponsorships and table rentals will enable us to minimize ticket costs for all attending.

We are also accepting donations for door prizes and raffle items. If you would like to donate an item, please contact Chris Champi at (401) 692-9300.

Please visit our website [www.riwwa.net](http://www.riwwa.net) for more information and a registration form or contact Leanne Peckham at (401) 783-5494. The registration deadline for sponsorship or attendance is September 2, 2022.

Thank you for your consideration.

Christopher Champi  
President
